Who: Anderson Homes and hundreds of workers and volunteers race against the clock to finish the Latif and Morgan family homes.

What: Construction crews worked all day and night to get the Latif and Morgan homes framed, roofed and complete with windows. As work continues through the day, crews will start work on the exterior.

When: Events are scheduled from Feb. 5 to 12

Where: 32 and 34 South Clayton Street
Wilmington, DE 19805

For map and directions to build site, visit www.AndersonExtreme.com

Details: The Latif and Morgan family homes are really looking like homes today. They are both under roof, the rough trades have all been completed and the windows have been installed. While the insulation begins inside, the exterior brick, siding and trim will begin outside.

The crew is currently in need of energy drinks, sports drinks and soda. Any large donations should be delivered directly to the site, while smaller donations should be delivered to the Frawley Stadium shuttle area.

The build site will be active 24/7 until the new home is revealed next Tuesday. Media is encouraged to come to the media tent from 7 a.m. to 7 p.m. Daily media advisories will be distributed electronically and available at www.AndersonExtreme.com. Media ID is required at site check-in. The spectator area will be open daily today from 7 a.m. to 7 p.m.

Volunteers or those interested in making a donation should visit www.AndersonExtreme.com.
